

# Web Design Options

## **OPTION 1: Design Template**

**\$500.00**

(with 1/2 down and the other 1/2 due upon completion)

I will design a template that you can use to build your own site. Includes: one HTML template page with all supporting graphics necessary to build your site, and one CSS (cascading style sheet) page.

This package is good if you already know HTML and how to construct a working site and just need a foundation design to build your site with.

## **OPTION 2: Full Website Design and Content**

**\$1200.00**

(with 1/2 down and the other 1/2 due upon completion)

If you supply all text and images this price includes:

- Designing up to 10 pages
- Simple Logo/Banner
- Search Engine Optimization for major keywords
- Submission to the Google search engine
- Free Maintenance of existing content for 1 month
- Check Traffic and Keyword Rank for 1 month

**Time frame for completion 2-4 weeks, once all data is obtained.**

### **Extras at \$50/hour:**

- Additional pages over the initial 10 are \$50.00 each\*
- Password Protected Directories
- Flash elements
- GoDaddy.com Shopping cart\*\*
- Editing your graphics other than resizing
- Extra graphics (animations, graphical buttons, etc.)
- Text sent in hard copy that needs to be typed in.
- Maintenance fee after 1 month (optional)
- Hosting, domain fees or extra software (paid to host or author)
- Submission to additional directories and search engines (after site is finished)

\* Pages with a lot of graphics, forms, etc. may cost more. Short pages may cost less.

\*\* Basic shopping cart hosting through godaddy is \$120/year for a 20 product catalog, \$600/year for an unlimited catalog—all shopping carts are subject to design construction fee for setup at \$50/hour in addition to the initial price of hosting cart through godaddy.
